- Cookies

We use cookies on our website to ensure a user-friendly experience. Cookies are small files that are managed by the user's web browser and are directly stored on the respective device (Laptop, Tablet, Smartphone etc.) whenever you visit our website. Cookies are stored as long as you do not delete them. This process allows us to recognize your browser on your next visit.

If you do not wish to use cookies you can change the settings in your browser accordingly. You will then be notified whenever your browser attempts to create a cookie and you can decide whether you want to allow the cookie. However, please note that a deactivation of cookies may result in a limited user experience and you may not be able to use every function of our website.

Legal basis for the processing of data through cookies is Article 6 (1) lett. f GDPR.

- Newsletter

If you subscribe to our newsletter you will receive an email containing a hyperlink immediately after signing up. By clicking on said link you confirm your subscription (double opt in method). If you do not click on the link your email address will not be added to our subscription list and no subscription will be made.

If you confirm your subscription you give us permission to save your email address including the date and time of signing up, your IP address as well as the selected newsletters. We only use your email address and personal data (First name/ Last name) to manage and send the selected newsletter in the selected periodicity.

Our newsletters do not contain visible or hidden counters, third party ads or links to external websites that are not directly connected to the content in the newsletter. Each newsletter contains a reference on how to unsubscribe from the newsletter.

- Download of files (e.g. Software)

We do not require personal data for you to download content from our website.

- Social plugins (e.g. Facebook, Twitter etc.)

All embedded social plugins use the two-click process. This means that the recording of your surfing patterns via a plugin will only start if you activate it. If you are logged in to a social media account while using our website this plugin will register the visit on our website on the first click and can match it to your account.

IV. Data Security

We use a common encryption technology in connection with the highest encryption levels that are supported by your browser. If a page on our website was/is being transmitted encrypted it is shown by the lock symbol in the address bar of your browser.

Additionally, we use appropriate technical and organizational security measures to protect your data from accidental or intentional manipulation, partial or complete loss, destruction, or to prevent unauthorized access by third parties. Our security measures are continuously upgraded according to the latest technological developments.
